

Definition: Create the design using Figma Design Tool Color Styles.

Solution:

Steps:

- First Open Figma in browser mode.
- Then create the new document **File** → **New Figma Design**.
- Now add one frame using the Frame tool and select a frame of width="734px" and height="538px" on your canvas.
- **For the India's flag:**
 - Take the Rectangle tool and draw a rectangle of width="250px" and height="50px". Fill with color "#FF7A00". This Rectangle indicates the first orange color of India's flag.
 - Take the Rectangle tool and draw a rectangle of width="250px" and height="50px". Fill with color "#FFFFFF". This Rectangle indicates the second white color of India's flag.
 - Take the Ellipse tool and draw a circle in the center of white color of width and height="40px".

- Inside this circle draw a star of width and height="40px" and Fill with color "#0047FF" and give count="24".
- These circle and stars indicate the Ashok chakra of India's flag.
- Take the Rectangle tool and draw a rectangle of width="250px" and height="50px". Fill with color "#42FF00". This Rectangle indicates the first green color of India's flag.
- **For the Canada's flag:**
 - Take a rectangle tool and draw a rectangle of width="130px" and height="150px" and fill with color "#FFFFFF". This rectangle indicates the white color of Canada's flag.
 - Left and right side of this rectangle draw a rectangle of width="60px" and height="150px" and fill with color "#FF0000". This rectangle indicates the red color's rectangle of Canada's flag.
 - Take rectangle of width="100px" and height="110px", Fill with color "#FF0000". Then make shape of the red maple leaf of that rectangle.
- **For the North Korea's flag:**
 - Take a rectangle tool and draw a rectangle of width="250px" and height="80px" and fill with color "#FF0000". This rectangle indicates the red color of North Korea's flag.
 - Up and Downside of this rectangle draw a rectangle of width="250px" and height="10px" and fill with color "#FFFFFF". This rectangle indicates the white color's rectangle of North Korea's flag.
 - Take another rectangle beside white rectangles of width="250px" and height="25px" and fill with color "#001AFF". This rectangle indicates the blue color's rectangle of North Korea's flag.
 - Now draw Ellipse of width="70px" and height="70px" than fill with color "#FFFFFF". This ellipse indicates the white color's circle of North Korea's flag.
 - Inside of Ellipse draw Star of width and height="70px" and Fill with color "#FF0000" and give count="5".
- **For the Israel's flag:**
 - Take a rectangle tool and draw a rectangle of width="250px" and height="90px" and fill with color "#FFFFFF". This rectangle indicates the white color of Israel's flag.
 - Left and right side of this rectangle draw a rectangle of width="250px" and height="30px" and fill with color "#001AFF". This rectangle indicates the blue color's rectangle of Israel's flag.

- Inside the white rectangle draw two Polygon of width and height="75px" and Fill with color "#001AFF" and rotate one polygon to "180°".
- **For the Cuba's flag:**
 - Take a rectangle tool and draw 5 rectangles of width="250px" and height="30px" and fill with color "#001AFF" and "#FFFFFF". This rectangle indicates the blue and white color of Cuba's flag.
 - Now take polygon tool and draw a polygon of width="173px" and height="175px" and fill with color "#FF0000" rotate it to "-90°". Place this polygon over previous 5 rectangles.
 - Inside the polygon draw star of width and height="55px" and Fill with color "#FFFFFF" and give count="5".
- **For the Greece's flag:**
 - Take a rectangle tool and draw 5 rectangles of width="250px" and height="17px" and fill with color "#001AFF" and "#FFFFFF". This rectangle indicates the blue and white colored pattern of Greece's flag.
 - On that pattern draw rectangles of width="84px" and height="84px" and fill with color "#001AFF". This rectangle indicates the blue colored square on Greece's flag.
 - Now inside of that square draw two rectangle of width="15px" and height="84px" and fill with color "#FFFFFF". Then rotate one rectangle to "-90°". This rectangle indicates the white colored plus sign of Greece's flag.
- Now, Go to the **Export** button in the property panel. And **Export** it with .JPG/.PNG format.
