

Definition: Create and adopt design for Dark Mode with Selection Colors.

Solution:

Steps:

- First Open Figma in browser mode.
- Then create the new document **File** → **New Figma Design**.
- Now add one frame using the Frame tool and select a **Desktop** frame of width="1100px" and height="550px" on your canvas.
- **For the Light Login Page:**
 - Take one frame of width="400px" and height="350px". Fill the frame with the colour "#FFFFFF".
 - Take the text tool and write "Login" of font="28" and colour "#FF7D04".
 - Take One Rectangle width="300px" & height="50px" and colour is "#AAABBB". in the rectangle take a text tool & write "Username" with the colour "#000000".
 - Below that rectangle take another Rectangle width="300px" & height="50px" and the colour is "#AAABBB". in the rectangle take a text tool & write "Password" with the colour "#000000".
 - Now take the text tool and write "Remember me" of font="13" and colour "#FFFFFF".
 - Beside that text box take another one and write "Forgot Password" with the font="13" and colour "#FFFFFF".
 - Take One Rectangle width="300px" & height="50px" and colour is "#FF7D04". in the rectangle take a text tool & write "Submit" with the colour "#000000".
 - Lastly, add an ellipse of width & height="15px" and shape it as the moon to represent the dark mode button.

- **Now for the Dark Login Page:**
 - Take one frame of width="400px" and height="350px". Fill the frame with the colour "#000000".
 - Take the text tool and write "Login" of font="28" and colour "#FF7D04".
 - Take One Rectangle width="300px" & height="50px" and colour is "#AAABBB". in the rectangle take a text tool & write "Username" with the colour "#FFFFFF".
 - Below that rectangle take another Rectangle width="300px" & height="50px" and the colour is "#AAABBB". in the rectangle take a text tool & write "Password" of colour "#FFFFFF".
 - Now take the text tool and write "Remember me" with the font="13" and colour "#FFFFFF".
 - Beside that text box take another one and write "Forgot Password" with the font="13" and colour "#FFFFFF".
 - Take One Rectangle width="300px" & height="50px" and colour is "#FF7D04". in the rectangle take a text tool & write "Submit" with the colour "#FFFFFF".
 - Lastly, with the help of an ellipse and a line tool, draw a sun of width & height="30px" to represent the light mode button.
- Now, Go to the **Export** button in the property panel. And **Export** it with .JPG/.PNG format.
