Definition: Create the design using Figma Design Tool Color Gradients.

Solution:

Steps:

- First Open Figma in browser mode.
- Then create the new document **File** → **New Figma Design.**
- Now add one frame using the Frame tool and select a frame of width=”**734px”** and height=”**538px”** on your canvas.
- Take the Rectangle tool and draw a rectangle of width=”**615px”** and height=”**350px”**. Fill the rectangle with vertical linear colour **“#190A27”** and “**#D38B97”**.
- Now draw another rectangle of width=”**615px”** and height=”**110px”.** Shape it as a mountain. Fill the rectangle with the colour **“#000000”**.
- Then draw 2 more rectangles of width=”**615px”** and height=”**110px”** to shape it as a different mountain. Fill one rectangle with the colour **“#1C0F28”** and another with the colour **“#421D66”.**
- To draw a star, take the star shape and give it a different count**.**
- Now, Go to the **Export** button in the property panel. And **Export** it with **.JPG/.PNG** format.
